

MRRRC 1976 SS: The scores speak for themselves. MRRRC did itself proud in the 1976. The listed scores that appear below are not a complete reflection of how we did-- several outstanding scores have not yet been reported to K8RMK. At this writing our score is approaching four megapoints with over 40 entries-- an average of over 90K per entry. What a beginning!

ARRL DX I, 1977: It may be too late to start your last minute tower work, but get ready for ARRL DX. MRRRC plans a serious effort. Our SS score was a fine first try, but good contest clubs are not built on one good score in one contest. So get out and chase those new countries and pray for some good solar flux numbers. Make sure you report your scores and activity to ARRL and K8RMK.

Phone: 0001-2359Z FEB. 5-6, MARCH 5-6
 CW: 0001-2359Z FEB. 19-20, MARCH 19-20.

BY-LAWS REVISION: John, W8YWK has been appointed to serve as Chairman of the By-Laws revision committee. The By-Laws are in need of revision to make them consistent with the changes in MRRRC since 1971. John will welcome your input into this task. Suggestions should be sent to:

John Bostwick, W8YWK
 2879 Franklin Dr.
 Medina, OH 44256

The committee will report at the April meeting in Dayton (More about the meeting in the next FLASH.)

MRRRC SS NOTES:

W8OK was the only station in the club to make a clean sweep. Frank did it the hard way... on CW!

W8STGX says no one will believe why he only put in 11 hours during the phone weekend.

K8RMK's amplifier went up in smoke 15 minutes before the phone contest started. It was a long 14 hours with 150 watts!

WA3SZX also had amplifier problems at WA3WIK, but luckily had a spare.

WA3EGE/8 didn't know his new call had been issued in time for the phone weekend. He has a call that has great potential phonetically--- K8MR !

73 and Fire UP for DX!!!
 Ron, K8RMK
