## FROM THE BIG FISH:

So far I've heard no other club SS scores, but it would seem that MRRC will be well up the list. However winning the club award will take more effort and more members. Many good contesters and many more potential contesters are still not in Mad River. If you know such people, talk to them and spread the word about us. Invite them to our next meeting in Dayton. Let's all get together to become #1 in 78!

This has been a relatively easy Flash to write - lots of scores to report saves me from scratching to come up with (hopefully) interesting copy. After six big contests in seven weeks, I'm sure everyone is ready for the holiday season and a break from the radios. I hope 77 was a good year for you, and hope 78 will be an even better one.

73,

Jim K8MR
