Many stations on CW could only put in part time due to work or family responsibilities. It is a tribute to MRRC spirit that these stations did get on, and we commend you for your efforts. 2.1 meg with 21 entries is not bad, but it is going to take a big push if we are going to WIN! Right now, we are about even with the North Texas Contest Club in entries and points, and the Texas DX Society had SIX stations over 1000 Q's. If we are going to win the Medium Club trophy, they are the ones we must beat.

Mad River people, the time is NOW! We cannot let up while the prize is within reach. The SSB SS can be physically demanding, but QSOs are plentiful and a good score can be achieved by anyone who expends the effort. We need 29 entries for the phone weekend, each setting on 100K points as their goal. If you can possibly put in full time, please do so for the club. If not, try to do what you can to maximize your score.

Remember the MRRC SS Award Plaques (A, B and Multi) are given on each mode separately, in addition to the 300 QSO certificates. The ARRL is also awarding special SS Brooms to stations who work all 74 sections, so there are many operating achievements to work for.

73 es GO MAD RIVER !!!
