## **PLEASE**

Send your CQWW scores to WBLND as soon as possible. We must send a summary of scores to the CQ contest committee to qualify the club for competition. Please send your data today.

For the general interest of the group, please also send your 160 and 10 meter contest scores. Begin to think about participating in the February North American Sprint.

I will finally get out the data on SS and the CQWW during the last week of December. It has just been too busy here.

## **HELP WANTED**

This newsletter needs some articles. I have received no submissions other than the data for our DX contest guide since October. Please write up a description of your own station or a friends, your thoughts on winning a particular contest, a pet peeve, etc. and send it to ol' Liver NDse. Thanks!
